

- Mobile reading and writing of RFID data carriers
- Handheld with HF antenna
- With 1D barcode laser scanner
- Keyboard function (HID) for wireless transfer of read data via Bluetooth
- Incl. docking station with power supply, PC data interface via USB cable
- Pistol grip
- Optionally available on request: WLAN

Type code	PD-IDENT-HF-RBSUP
Ident no.	7030461
Ambient temperature	-10...+50 °C
Storage temperature	-20...+70 °C
Data transfer	inductive coupling
Operating frequency	13.56 MHz
Radio communication and protocol standards	ISO 15693
Device features	ARM9, 200 MHz
Memory	8MB Flash ROM; 64MB RAM
Display	1.45", 160 x 128
Keyboard	19 Keys
Battery capacity	1500 mAh
Communication via	Bluetooth Class I (BT SSP or HID)
Included software	OEM demo software, SDK available as free download
Operating system	Linux
Barcode	1D laser
Specifics	Keyboard function (HID) via Bluetooth Keyboard function (HID) via USB cable
Docking station connection type	USB HID USB (serial) USB mass storage
Dimensions	138x 56x 120mm
Housing material	plastic, grey
IP Rating	IP54
